

ASA - NTC MONTHLY DINNER MEETING

BPI & Legal Message

BPI provides a forum for members to exchange their first-hand experiences on GC payment practices, jobsite coordination, change order methods, credit history, and other related issues. Representatives from your credit department and/or collections should attend !! Your company should be represented at the Business Practices Interchange ("BPI") every month.

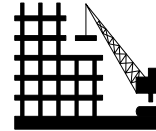

The BPI Request Form (attached) should be faxed to number printed on the form in advance of the BPI session.
Requests can only be submitted by ASA Members.

A "Legal Message" is presented after the BPI Session each month. ASA's legal counsel presents a specific aspect of doing business in the construction industry from the "legal viewpoint" - you have the opportunity to ask questions. Don't miss this opportunity !!
